

Data Center Power Whips

Save time & money with factory-built power cables

With an unprecedented number of receptacles, color choices, and variable lengths, we provide customized cables to fit your specific requirements.

- **Save up to 40%**
vs. contractor-built cables
- **Next day turnaround**
on quotes & orders
- **UL Listed & certified**
components & assemblies
- **Stringent quality testing**
documented for every cable
- **Full line of circuit breakers**
and trip curve testing

Benefits of factory-built vs. contractor built power whips

- Reduced costs vs. contractor site built power whips
- Faster turnaround time with just-in-time delivery
- Stringent quality standards & testing for every cable
- UL Listed assemblies
