

Data Center Raised Flooring

Save time & money with refurbished raised flooring

Although raised floors look alike, they are all different and are not interchangeable. We help identify your floor system and provide replacement panels to match and fit your existing system. Whether it's a small area or a full data center replacement, we can help.

- **Save money vs. new panels**
with matching refurbished panels
- **Match older floor panels**
from a variety of brands & models
- **No minimum orders**
With nationwide delivery
- **Fast turnaround**
shipped from stocked warehouse
- **Salvage old panels**
we buy & pickup old flooring

Raised floor products & services

We offer a full lineup of new, used, and refurbished raised flooring panels and components. We cannot only match your existing flooring, but we can also provide installation, as well as maintenance, and repair of your current floor system.

- New & re-laminated raised floor panels
- Airflow panels & grates
- Bypass airflow grommets & dampers
- Understructure components & cable trays
- Stairs, ramps, & handrails
- Installation, repair & maintenance
