

# Clean and protect your data center.

## Executive Summary

ProSource specializes in data center cleaning services tailored for hyperscale, colocation, HPC/AI, and enterprise critical facilities. We offer comprehensive critical cleaning services, including post-construction, post-installation, move-out-turnover, and preventive maintenance cleanings for data centers nationwide.

## Data center cleaning services

- Critical cleaning for white and gray spaces
- Non-critical cleaning for customer and employees areas
- Post-construction, post-installs, and move-out turnovers

## Data center facility products

- Factory-built power whips and cables
- Containment walls, doors, and ceilings
- Bypass airflow grommets and panels
- Directional and high capacity airflow panels
- Refurbished raised floor panels

## Why consider us

- Industry certified with 25+ years of experience
- Screened and trained employees
- Cleanroom grade equipment and supplies
- Local coverage of all major markets across the U.S.
- Flexible scheduling 7/24/365 on any shift
- Successful performance with federal & national contracts
- Competitive rates & national pricing available

## Certifications and associations

- Cleaning Industry Management Standard Certification (CIMS)
- Association of Data Center Cleaning Professionals (ADCCP)
- Association for Computer Operations Management (AFCOM)
- The Worldwide Cleaning Industry Association (ISSA)
